Google Cloud recently released a new text-to-speech service. Let's take it for a test run with a Spring Boot app to see how to work with it in Java.

Using Google Cloud Text-to-Speech With Java - DZone Java

Software maintenance. Reducing the cost of software maintenance is the most often cited reason for following coding conventions. In their introduction to code conventions for the Java programming language, Sun Microsystems provides the following rationale: Code conventions are important to programmers for a number of reasons:

Coding conventions - Wikipedia

Java is a general-purpose computer-programming language that is concurrent, class-based, object-oriented, and specifically designed to have as few implementation dependencies as possible.

Java (programming language) - Wikipedia
